Enjoy a GREAT workout with two Swim jets.

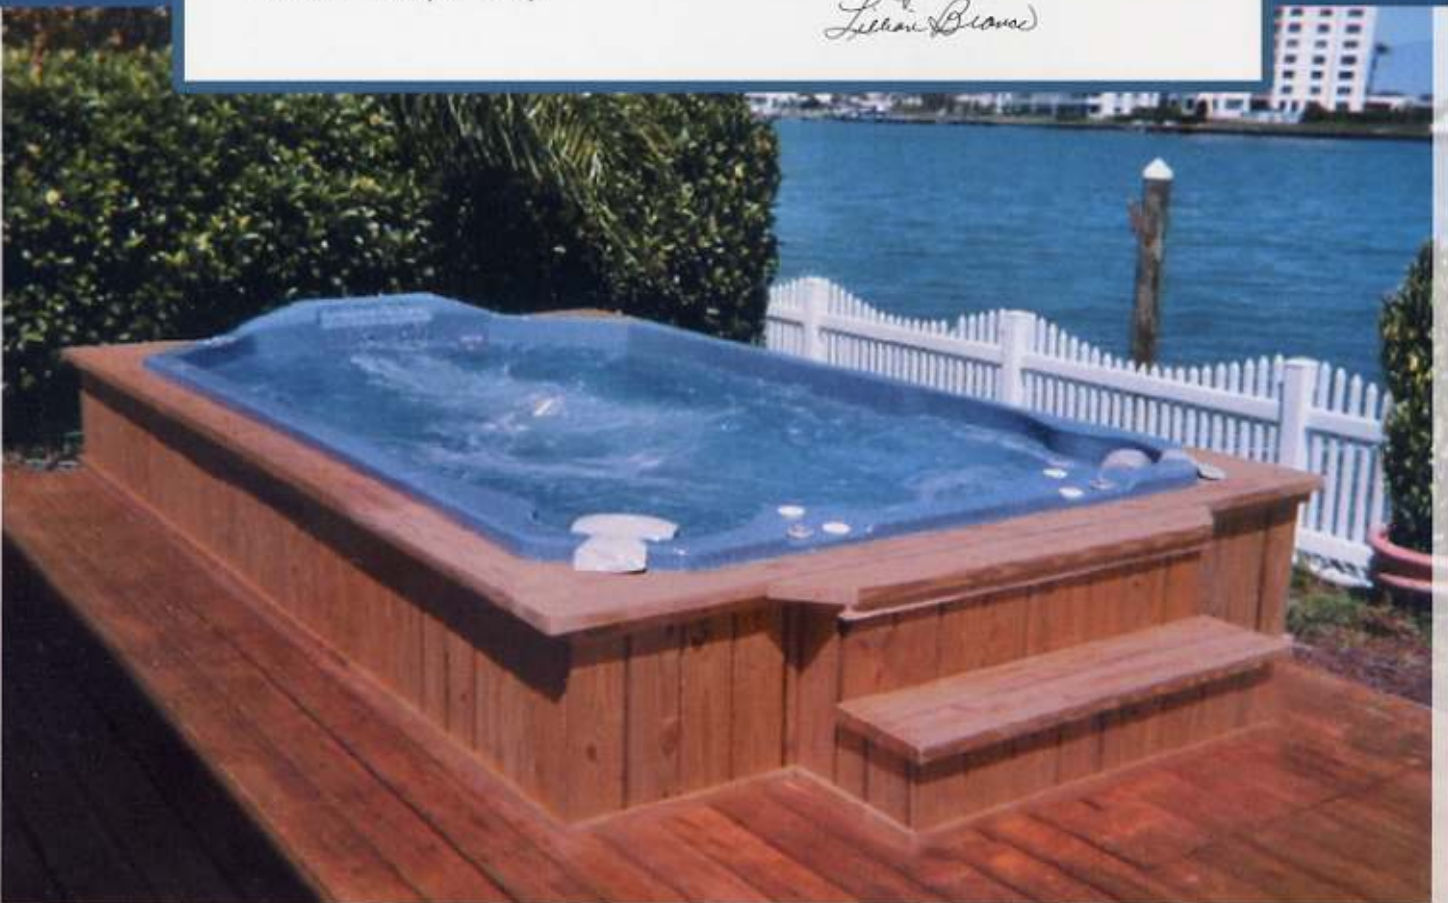

It creates a *moving current of water*, allowing you to
adjust the resistance and swim in place, whatever your pace.
Then, RELAX in one of the two captain's style therapy seats while the
custom placed hydrotherapy jets soothe tired muscles and offer
an INCREDIBLE Hydrotherapy Massage!

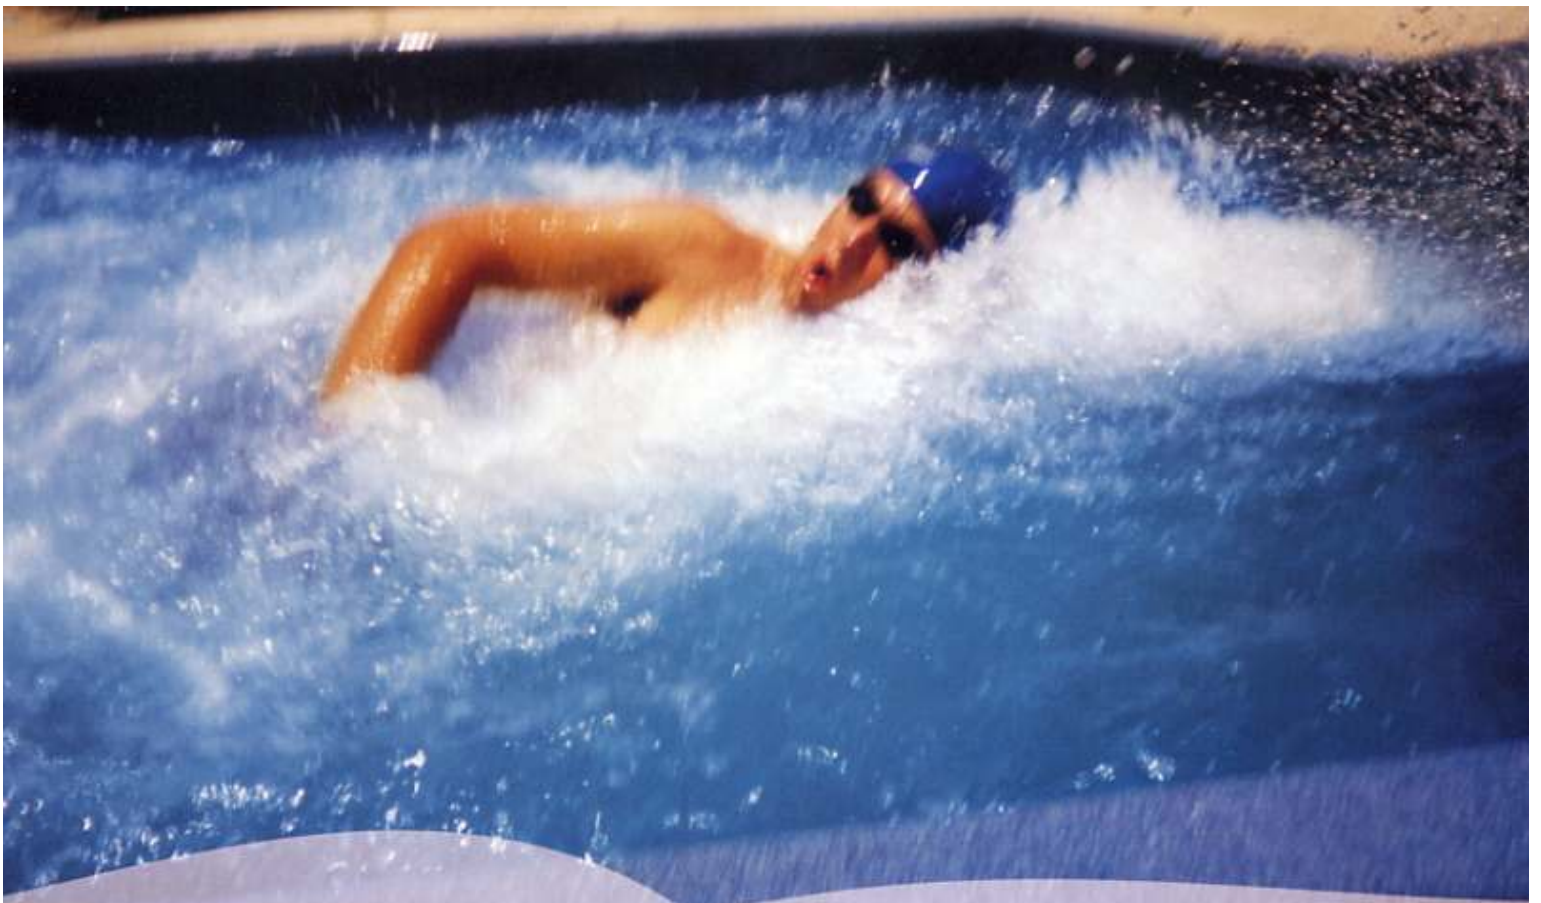

"I would never do business with any other spa company since doing business with Spa Manufacture. My wife wanted a pool but our yard was too small, so we purchased the swim spa instead. It fits perfectly."

" I would like to say thank you to the staff at Spa Manufacture for the expert service and the professional treatment I have recieved during my swim spa purchase. The workmanship is superior and the technical advice is some of the best I have encountered out of hundreds of companies I have done business with in 23 years."

" I look forward to coming home from work each day so that I can relax in my swim spa. It's also a great way for low impact exercising. The swim spa is much more than a seasonal pool. It can be used year round no matter what the temperature outside. The maintenance has been minimal. We feel that our purchase of the swim spa has been a wonderful choice and we would highly recommend it to others."
